Jasper Morrison
Bathroom collection

Jasper Morrison

Ideal Standard has teamed up with Jasper Morrison, one of Europe's most successful designers, to create a bathroom range which fully realises our design ethos. His contemporary forms are a subtle combination of soft squares and oval interiors which have been developed across a full range of white sanitaryware, furniture and fittings to produce a modern classic.

Design by

Jasper Morrison is one of today's most influential industrial designers. Born in London, he is renowned for his aesthetically elegant, quietly humorous style and has designed everything from a tray-table to a tram system. In the early 2000's Morrison set up a new studio in Paris and proceeded to divide his working life between there and London.

Jasper Morrison
50cm semi-pedestal basin and
wall hung WC suite with soft
closing seat. Jasper Morrison
mixer fittings used throughout.

Jasper Morrison

50cm vessel basin on the 1000mm wall hung vessel basin unit, 180 x 85cm Idealform bath and close coupled WC suite with slow closing seat.

Right: 180 x 85cm Idealform bath. Jasper Morrison fittings used throughout.

Jasper Morrison

The collection combines shapes to create a look that is cool, contemporary and classic. The curved panel of the signature bath is echoed in the vessel basin and offset by the solid profile of the furniture. A well crafted, understated design classic.

Design by Jasper Morrison

Understated

design

Jasper Morrison

The Jasper Morrison collection has been designed to improve your daily bathing experience. Simple, pure styling creates modern shapes which have a timeless appeal and are a real pleasure to use.

Design by Jasper Morrison

Jasper Morrison basins

The soft curves of the 40cm handrinse basin and 50cm wash basin provide the perfect solution for small spaces, like cloakrooms and en-suites.

design

Jasper Morrison

Left: 40cm handrinse basin, single lever basin mixer and back-to-wall WC suite with slow closing seat.

Right: 55cm pedestal basin, close coupled WC suite with slow closing seat and 170 x 75cm Idealform bath. Jasper Morrison mixer fittings used throughout.

performance

Jasper Morrison 170cm bath

The Jasper Morrison Idealform bath is moulded from high quality acrylic which is warm to the touch and provides exceptional insulation ensuring the water retains its heat for a longer more relaxing bath.

Jasper Morrison

Jasper Morrison 650mm semi-countertop basin unit with 650mm WC furniture unit with worktop.

Right: 650mm wall hung vessel basin unit, 50cm vessel basin and 180 x 85cm Idealform bath, left handed. Jasper Morrison mixer fittings used throughout.

Storage solutions

Storage and furniture are integral to this collection and contrast strikingly with the soft outline of the basins. Chunky, wall hung cabinets provide essential space without compromising on style.

design

Jasper Morrison

The subtle combination of curves, soft squares and ovals provide a sense of harmony and balance perfect for relaxation. Every element, from fittings to storage is beautifully proportioned and has been considered as part of the whole.

Design by Jasper Morrison

Design harmony

The collection is designed to work throughout the home creating one integrated look. The teardrop handle on the basin (above) and bath mixers and showers adds a touch of design inspiration that is distinctively Jasper Morrison.

design

Jasper Morrison

The philosophy behind this collection is to consider every detail of your bathroom – including how you use water. The range of mixers feature an oval spout with a specially designed aerator to deliver a water flow that is reminiscent of a natural waterfall. Simple, clever design that improves your daily experience.

Jasper Morrison

Left: Monoblock single lever vessel basin mixer on 50cm vessel basin.

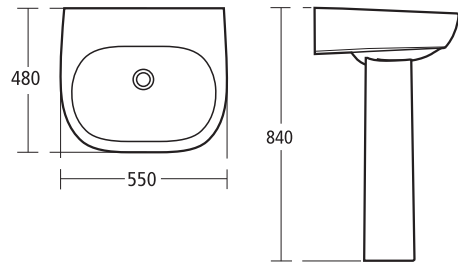

Right: Thermostatic built-in TT shower valve and shower kit.
